**STRENGTH FOR THE WEAK.**

THE latest addition to Therapeutics is the discovery of a NEW COMPOUND SALT, having two distinct bases. This valuable aid to medicine, if dissolved in hot water, forms a most invigorating lotion, quickly curing Weaknesses, arising from whatever cause, and drawing out pains and aches, and is known as

**LIEBIG'S SILVER SALT.**

The feeble and those in delicate health will find this Salt highly invigorating and exhilarating, which all who suffer from Colds and Weaknesses will at once appreciate, as it fortifies any weak part bathed with it, thereby preventing and keeping off Colds, by giving a warm glow of health, and should always be at hand for use in changeable weather, to rub in any part as a protection.

**LIEBIG'S PEARLS OF STRENGTH**

are perfectly tasteless, being prepared in the form of Pearls, which they resemble in appearance. This elegant medicine is quite different to anything ever brought before the public, containing, in a cheap and pleasant form, a most elaborate preparation, adapted to all ages and constitutions, for

**ENRICHING THE BLOOD,**

and for the permanent cure of

General Weakness, Shortness of Breath, Impoverished Blood, Noises in the Head and Ears, Impaired Sight and Memory, Indigestion, Incapacity for Study or Business, Dizziness, Rheumatism and Pains and Aches, Nervous Prostration, Palpitation of the Heart, Pains in the Back, Bilious and Liver Complaints, Weakness of the Chest, Melancholy, Trembling of the Hands and Limbs, Neuralgia, Want of Energy and Loss of Appetite, and most other symptoms of failing health.

**TESTIMONIAL from Sir CHARLES LOCOCK,**

Physician to the Queen:—

"I have seen the effects of Liebig's Pearls of Strength, and regard them favourably as a general family medicine, pleasant to take, and beneficial in their action. I have also subjected the Silver Salt to some very severe tests, and find that the hot solution draws out pains and aches in a few minutes, and is without doubt the most powerful invigorator known, and these two remedies appear to me to fully bear out all that is claimed for them.

"CHARLES LOCOCK, M.D."

In cases of physical, functional, or organic weakness, the Silver Salt will soon effect a cure, if applied as a lotion to the place, causing the blood to flow there, and the part then becomes strong; and these two remedies comprise the whole of the LIEBIG SYSTEM OF MEDICINE, of supplying the blood with its ferruginous, phosphatic, and saline elements, for curing languor, exhaustion, and early decay, by rendering the blood sufficiently rich to nourish the body, expel all impurities, infuse new life, and build up a stronger constitution, and has so far proved a success that it is rapidly superseding the old system.

These PEARLS are sold in boxes at 1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s., and the SILVER SALT is the same price. There is a considerable saving in buying the larger quantities, and they can be forwarded to any part, carriage free, with printed directions for use.

**MASTERPIECES of ANTIQUE ART.** From the Celebrated Collections in the Vatican, the Louvre, and the British Museum. By STEPHEN THOMPSON, Author of "Old English Houses," "Old Masters," &c. 25 Examples in Permanent Photography. Super-royal 4to, elegantly bound, price Two Guineas.

"To the photographs no exception can be taken; they are excellent. The essays too may pass muster well enough. They convey a certain amount of information which will be news to persons ignorant of the early history of the sculptor's art, and, written in an agreeable style, display, if not a very profound vein of original criticism, at least a considerable acquaintance with the opinions of others. . . . Much of what Mr. Thompson has written is certainly pleasant, and not uninteresting to read, and much of what he has photographed is worthy to rank under the title he has given to all."—*Times.*

"It is a boon to artists of a special class. . . . The letterpress is entitled to much praise. The editor is an enthusiast; indeed, but that he loved his work, he would not have undertaken it, for it is one that will gratify the few rather than the many, and be rightly appreciated only by those who can appreciate the loftier elements of art."—*Art Journal.*
